

# Civio Track Lights

## Product Code : IK-TLS4-5/10/15W-30/35/40K-36D-WH-SF

|                    |                        |
|--------------------|------------------------|
| Voltage            | 120V                   |
| Lumen Output       | 1290lm                 |
| Power              | 5-10-15W               |
| Efficacy           | 86lm/w                 |
| CCT Selectable(K)  | 3000-3500-4000K        |
| CRI                | 90                     |
| Beam Angle         | 36°                    |
| Light Distribution | Wide                   |
| LED Type           | COB                    |
| Dimming            | TRIAC and ELV dimmable |
| Mounting Type      | Track Light Structure  |
| Heads              | Single Head            |
| Body Material      | Aluminum               |
| Finish             | White                  |
| Height             | 4.13"                  |
| Diameter           | 2.36"                  |
| Cover Material     | Polycarbonate          |

### Beam Spread (Options)

| Spot | 15°  | Medium | 24°   | Wide  | 36° | Ultrawide | 50° |
|------|------|--------|-------|-------|-----|-----------|-----|
| ft   | 0.72 | 1.41   | 2.03  | 1.02  |     |           |     |
| 3.0  |      |        |       |       |     |           |     |
| 9.0  | 2.15 | 4.22   | 6.09  | 9.45  |     |           |     |
| 15.0 | 3.58 | 7.04   | 10.15 | 15.75 |     |           |     |

Civio combines contemporary form with versatile performance, creating bright and welcoming environments. Its compact, clean design integrates easily into lobbies, retail spaces, and modern interiors, bringing comfort without glare. With multiple finishes and sizes, Civio adapts to diverse design needs while maintaining a cohesive look. Durable construction and reliable light quality ensure Civio is a lasting choice for projects seeking both modern aesthetics and dependable function.
