

# Lucentis Track Lights

## Product Code : IK-TLS6-30W-40K-90D-BL

|                    |                       |
|--------------------|-----------------------|
| Voltage            | 120-277V              |
| Lumen Output       | 3900lm                |
| Power              | 30W                   |
| Efficacy           | 120lm/w               |
| CCT                | 4000K                 |
| CRI                | 80                    |
| Beam Angle         | 90°                   |
| Light Distribution | Ultrawide             |
| LED Type           | SMD                   |
| LED Light Source   | SMD                   |
| Dimming            | No Dim @120-Triac     |
| Mounting Type      | Track Light Structure |
| Heads              | Single Head           |
| Body Material      | Aluminum              |
| Finish             | Black                 |
| Length             | 8.94"                 |
| Height             | 2.7"                  |
| IP Rating          | IP20                  |
| Cover Material     | PMMA                  |
| Width (W)          | 2.58"                 |

This Track Lighting solution is built for performance and versatility, offering multi-CCT and multi-lumen options in a single design. Compatible with universal track systems and engineered with flicker-free technology, it provides consistent, high-quality illumination. With sustainable packaging, long lifespan, and replaceable components, it combines efficiency with reliability.
